

Waste tire transporters

The individuals and businesses listed below have been granted a Waste Tire Transporter Identification Number by the Minnesota Pollution Control Agency (MPCA). Persons who wish to dispose of waste tires may only have them collected by an MPCA-approved Transporter and should verify in advance that the Transporter is approved by asking to see the MPCA identification card or calling the MPCA. The MPCA makes every effort to keep this list up to date; for most current verification, please call and ask for the Waste Tire Program at 651-296-6300 or 800-657-3864.

Transporters are listed by region of the state.

****** Indicates that the Transporter is also a permitted waste tire processing facility.
