

VIDEO 7: RECORDS COMPLIANCE, ANNUAL REPORTING - MPCA SSTS ADMINISTRATIVE TRAINING

Gretchen Sabel
and
Barb McCarthy

2013

Introduction

Gretchen Sabel, SSTS Coordinator
Barb McCarthy, PSS, SSTS Product Registration Coordinator

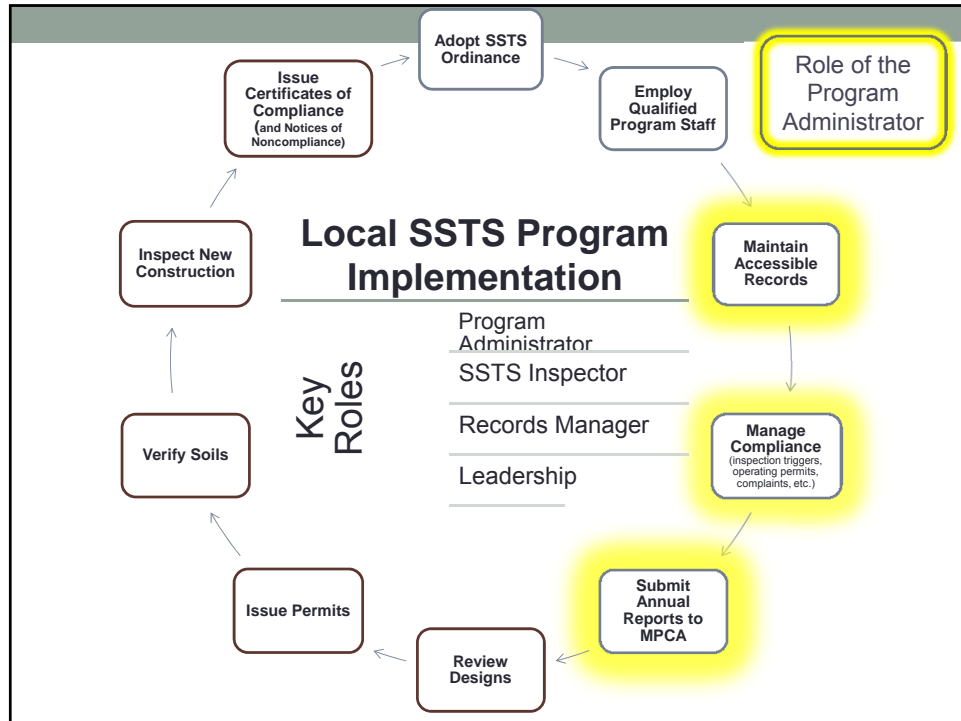

Talk 7 of 13

Expectations of Local SSTS Programs

- Maintain Accessible Records
- Manage Compliance
- Submit Annual Report to MPCA

Learning Outcomes

- Understand the need to maintain SSTS records
- Identify SSTS compliance triggers, such as zoning and building permits, point of sale, operating permits, complaints
- Understand the requirement for all SSTS programs to submit an Annual Report to the MPCA by Feb 1st each year

SSTS RECORDS

Importance of Maintaining Accessible
SSTS Records

Maintain Accessible Records

- **Where:** Each local unit of government with an SSTS program, typically house records at office facilities.
- **What:** SSTS Records
 - SSTS permit applications, design, and construction permits
 - Soil verifications
 - Inspections
 - New systems
 - Replacement systems
 - Existing systems
 - Certificates of Compliance/Notice of Noncompliance
 - Correspondence –Complaints, point of sale follow-up
 - Operating permits

Maintain Accessible Records

▪ **How:** Accessible Records

- Paper copies
- Electronically stored
- IT Support
- Office support staff

MANAGE COMPLIANCE

Ways SSTS compliance occurs at the local level

SSTS Compliance

▪ Triggers for Compliance Inspections - Existing Systems

- Building Permit
- Zoning Permit (CUP, Variance...)
- Point of Sale (selling a property)
- Complaints
- Operating Permit
- Inventory

SSTS Compliance

- Process for Compliance Inspections – Existing System
 - Qualified Employee / Licensed SSTS Inspector
 - State Inspection Form (15 days to submit)
 - Certificate of Compliance / Notice of Noncompliance
 - Follow-up letter(s) to system owner
 - Timeframe to upgrade SSTS
 - Support system to track upgrades
 - Enforcement
 - Local per local ordinance
 - Local and state (Straight-Pipe Law)

ANNUAL REPORT

An Annual Report is required to be submitted each year to the MPCA by all local SSTS programs.

Annual Report

■ Why

- Specified in the rules
- Summarize SSTS efforts statewide
- Credible information available when legislators ask
- Documents the SSTS work accomplished

• Who

- All local units of gov't with SSTS programs
- In 2012, local reports submitted by 210 programs
- 546,000 septic systems reported

• When

- By February 1 for the previous calendar year

Annual Report

■ How

- Email spreadsheet to each SSTS program – sent December each year
- 4 tabs to complete
- Return completed spreadsheet by February 1

■ What

- List in 7082.0040 (Subp. 5)
- Program information
- System information
- Inspectors
- LGU programs in the county
- Tank fee
 - Installers
 - Owner installed

License #	# of Septic Tanks	# of Inspectors	# of Systems	Installer Name	Address	City	State

Annual Report

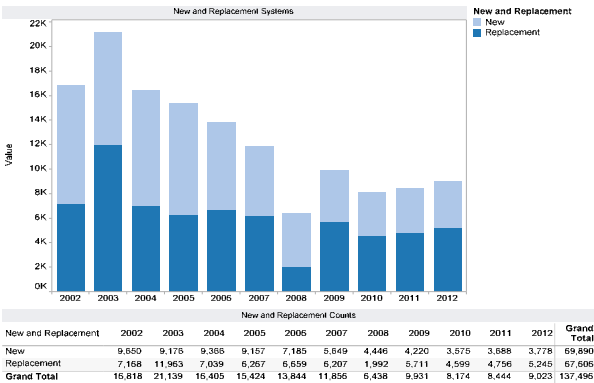

MPCA's Annual SSTS Report

2012 SSTS Annual Report

Subsurface Sewage Treatment Systems
in Minnesota

May 2013

SUMMARY

Summary

- SSTS records need to be maintained by the local permitting authority
- SSTS compliance can be managed through local permit issuance, point of sale, complaints, operating permits, and systematic inventories
- Annual Reports for SSTS are required by all local SSTS programs and are due by February 1st for the previous calendar year
